Q & A

1. Sync your old MF profiles data:

Please click for desktop icon “Sync Profiles.bat”, it will sync your Profiles data to all MF server, Please Select “Y”.

When finished, Press any key to continue.

2. Failed to install Citrix add on.

Please uninstall all Citrix receiver, Citrix workspace app and add-on, then try to install again. You can using below utility to clean up.

Receiver Clean-Up Utility

<https://support.citrix.com/article/CTX137494>

Description:

The Receiver Clean-Up utility is designed to assist with the following scenarios:

- When errors occur during upgrade from an earlier version of Receiver or Online Plug-in
- When unexpected behavior or performance is experienced after upgrade from an earlier Receiver or Online Plug-in
- If Receiver upgrade is not possible due to feature incompatibility and/or a clean uninstall is required
- The Receiver Clean-Up Utility removes components, files, and registry values of Online Plug-in 11.x, 12.x, and Receiver for Windows 3.x, 4.x (Online Plug-in 13.x, 14.x). This includes the Offline Plug-in component if installed and HDX RealTime Media Engine if installed.
